

Have A Clown Face:

Hi {FIRST_NAME},

Last Monday I asked RR during his tutoring session, “did you have fun at the circus?” His eyes lit up and a big smile overtook his concentration from math to say... YES, it was the best and I especially liked the elephants. They’re HUGE!!!

On Saturday January 18th, 33 children and their caregivers were able to go to the circus at the Civic Center. Fantastic donors came forward and stood in the gap so "*Children of Inmates*" could have a special fun day at the circus. Children and caregivers thank you who cared enough about them so they could spend time as a family enjoying the “**Greatest Show on Earth.**”

Children, whose parents are incarcerated, are affected emotionally and physically. Focusing on school work is challenging and they may lack motivation and concentration.

The Leon County School District has their hands full with over 400 homeless students, many whom are homeless due to parents in prison. Children lives are disrupted with unanswered questions “why did mom or dad leave me.” Many caregivers are strapped financially which puts a strain providing children the basics like food, clothing and shelter, barring any extras such as going to the movie or circus.

The Leon County School District has their hands full with over 400 homeless students, many whom are homeless due to parents being in prison. Children lives are disrupted with unanswered questions "why did mom or dad leave me." Many caregivers are strapped financially which puts a strain providing children the basics like food, clothing and shelter, barring any extras such as going to the movie or circus.

Living Stones is thankful for our donors that have a heart for children by bringing some special moments of sunshine into their lives. This March, Living Stones is planning three special bonding visits for the children with their parents at Wakulla Main Correctional Institution (CI), Liberty CI, and Gadsden Women's Facility. The need is chaperoning sixty (60) children plus caregivers. Your investment of \$82.50 for each child will help to reduce the statistic that states "70% inmate's children will follow their parents to prison."

For now, RR is thankful for seeing Spiderman and the elephants.
